

① Left-hand drive

② Right-hand drive

Upozornenie: Ďalšie informácie nájdete v našej [príručke pre záchranárov](#).

4. Prístup k cestujúcim

The SLS AMG is equipped with a safety system which uncouples the door hinges from the hinge arms when the vehicle comes to rest lying on its roof after an accident. Each door hinge (1) contains a pyrotechnic initiator (2) which is triggered by the restraint systems control unit. When the door lock is opened, the doors can be pulled off the hinge arms (3).
